

The Indiri Consortium has their hooks into the Countess for the debts of her late husband and they are prepared to forego a quite sizable sum to gain influence in the Canopian High Court, even the Crimson Council itself, by having someone absolutely in their pocket. They want the Countesses daughter to be elected to Elector but controlled by her Mother. The Governor is currently one Elector and Allison Mambalay, current ruler of New Abilene is the other. The plan is kidnap the Governor and “demand” that the Baron be installed as his replacement – not going to happen.

The MIM knows all this but don’t know who behind the scenes is directing this false flag operation apart from the know some questionable Mercenary groups are using the attacks on the Beef and Agriculture industries as a distraction. The Silent Chapter and Mr Smith are directly behind this on behalf of the Indri Consortium.
